Installation Diagram

Back panel install way:

Steps: Step1: Drill holes in the wall follow the hole position on back panel.

Step2: Install and fix back panel, connect related cables.

Step3: Place M5 Pro on back panel, fix screw at the bottom of M5 Pro

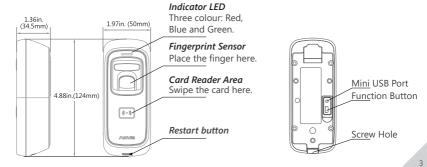

Without back panel install way:

Steps:

Fix M5 screws directly to the bottom shell behind the wall, the depth of screws is 8mm. This install method is unique, safe and convenient. Package list has no these screws, according to wall thickness select the length of M5 screws.

Working with Management Software

1. Install the Management Software on Computer

Put the CD in the managemet computer. The installation program will run automatically.

How to connect M5 Pro with Software?

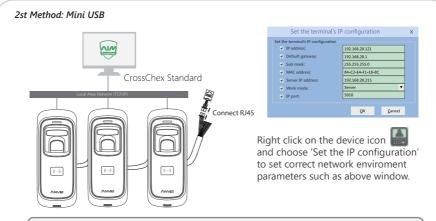

1st Method: Mini USB

- () Loose the screw on the bottom of M5 Pro, then pull up the front case, seperate from back panel.
- ② Connect USB cable between M5 Pro and PC which has installed software.

Pay Attention:

If management cards are registered, indicator light turns yellow and flashes. You must verify any management card first. If no management card is registered, you can communicate with M5 Pro directly.

2. Enable Communication between M5 Pro and the Management Software CrossChex

*Turn on management software CrossChex

*Go to Device tab. Search and add the M5 Pro to management software CrossChex *Click Synchronize Time button to communicate with M5 Pro. If Synchronize is successful, the device icon will turn to blue.

3. The Management Software CrossChex Features

*Device\Backup User: Download user info from M5 Pro to CrossChex *Device\Download Records: Download records from M5 Pro to CrossChex *User\Modify: Edit name or other user info. Then click "Upload User"to Upload user info to M5 device *Record\Search: search and view the records

*Attendance: Calculate, Search results and generate reports

*Data\Backup Database: Backup Database

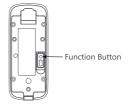

*Setting\Shift: Set up Time table and Scheduling

*Device\Device Parameter: Set up device, Clear records on M5 Pro or Reset M5 Pro to factory settings

Function Button

Press function button until you hear beeps which means the information of Enroll Card and Delete Card have been eliminated in the device.

Notice: The operation will not delete user data stored in the device.

After that, you MUST register management cards (Enroll Card and Delete Card) to run the machine.
